

Application No.: 09/770,157
Filing Date: January 26, 2001

REMARKS

Claims 1-29 are allowed. By this paper Claims 1, 2, 5, 17, and 24-25 are amended to make minor corrections to the antecedent basis of the claims prior to issuance. The amendments add no new matter and are fully supported by the specification as originally filed. Accordingly, Applicant respectfully requests entry of the amendments pursuant to 37 C.F.R. § 1.312, and Applicant submits that the application remains in condition for issuance.

No Disclaimers or Disavowals

Although the present communication may include alterations to the application or claims, or characterizations of claim scope or referenced art, Applicant is not conceding in this application that previously pending claims are not patentable over the cited references. Rather, any alterations or characterizations are being made to facilitate expeditious prosecution of this application. Applicant reserves the right to pursue at a later date any previously pending or other broader or narrower claims that capture any subject matter supported by the present disclosure, including subject matter found to be specifically disclaimed herein or by any prior prosecution. Accordingly, reviewers of this or any parent, child or related prosecution history shall not reasonably infer that Applicant has made any disclaimers or disavowals of any subject matter supported by the present application.
